

**March 23, 2017**

**Attention Parents/Guardians:**

**Hanover School Division** has partnered with **myBlueprint** to provide your child an electronic platform where they can collect and post their experiences that showcases the continuum of them as reflective, creative and holistic thinkers. The portfolio is called “All About Me”.

Blumenort School is pleased to provide students with access to the “All About Me” portfolio program at [www.myBlueprint.ca](http://www.myBlueprint.ca). MyBlueprint is an online tool available for students from Kindergarten to Grade 12 that engages them to visually explore their interests, abilities, passions and goals both inside and outside of the school.

In the school, teachers ensure that all students understand that the development of their “All About Me” portfolio is a tool for reflecting and planning for their life and who they want to become. Teachers will assist your child in compiling materials, information and personal reflections that can be posted online that will be accessible for their educational life!

Students may share their web-based portfolio with parents/guardians to provide opportunities to discuss and encourage reflection and inquiry about who they are. With direct access from home, you and your child can work together to encourage self-discovery and understand ways in which he/she can showcase their growth, review, create and build their understanding of themselves and the world around them. To access the site with your child, visit [www.myBlueprint.ca/aam](http://www.myBlueprint.ca/aam).

We look forward to your continued support and welcome any questions you may have.

Sincerely,

Darcey Steiner  
Career Development Coordinator  
Hanover School Division
